- **Help elementary and middle-school students** excel academically with a program that engages students in real inquiry, and meets Tennessee and National Science Standards.
- Weather permitting, we will spend some time exploring outside. If you have your own binoculars and field guide, bring them. Dress accordingly.
- Light snacks will be provided

Flying WILD materials provides interactive, interdisciplinary, standards-based activities to help students understand the importance of migratory birds and their conservation. Activities are grouped as teacher-led, student-led, or volunteer-led.

Flying WILD is a program of the Council for Environmental Education
